

## Call for ESC volunteers in Romania

*Asociatia "Zöld Nap" (ZNE) - Green Sun Association (PIC number: 949404767)*

### **About the town**

Târgu Secuiesc is today the second most populated town of Covasna county. In 2011 its population was of 18.491 inhabitants (from which 17 021 were of Hungarian nationality and 1.470 Romanians). The 600-year old town was formed along the commercial road that links Brasov to Moldova (on the road no. 11).

### *Unique downtown*

The courtyards which define the center of the town can be considered unique in Central Europe, and give the whole town a very traditional atmosphere. The courtyards are 2-4 m wide and 25-180 m long. The courtyards were closed, but today these are open and we count 73 of them.

Târgu Secuiesc has a very rich tourist aspect. The tourists who come to the city usually want to see the courtyards, which are unique in the world. Today, the town is characterized by light industry, manufacturing industry, agriculture and commercial activity. The rate of unemployment is slightly bigger than the country's average. There are a lot of hills, meadows, rivers and forests for hikes. The town shows variety and tolerance because 3 different nations (Hungarian, Romanian, Roma) live together peacefully and there are 5 different religious groups. The town has tennis courts, football fields (indoor and outdoor), ice rink, and many excursion sites (lakes, mountains for camping and hiking - the region is extremely rich in mineral waters, skiing areas). The city also has supermarkets: Kaufland, Lidl, DM, Takko, Penny and many smaller general stores, several restaurants. In August the city celebrates the days of the city with a big festival. In Vigadó which includes a theater hall with 500 seats and a meeting- room for 200 people, there is also place for club, exhibition room, permanent gallery and other educational- and practice-rooms. The handcrafters from the city have also studios here.

### *Special attractions*

The surroundings of the town can offer a lot of not quite everyday experiences, from volcanic lakes to 700 year old churches. Beside this main headquarter, after gathering a bit more hands on experience, a few of the activities may also be organized in the 2 larger cities close to Targu Secuiesc, Sfântu Gheorghe and Miercurea Ciuc.
